

MASTER ALPHABETICAL INDEX ALL DIVISIONS

1. GENERAL

1.01 This practice provides an alphabetically arranged list of subjects covered in former Bell System Practices (BSPs) and the present Bellcore Practices (BRs). This listing may be expanded in the future to accommodate subjects related to other vendors' products. Each subject is cross-referenced to the BSP or BR subject code (division number) in which information pertaining to that subject can be found. The subject code or division number consists of the first three digits of the 9-digit practice number.

1.02 This practice replaces the former Bell System practice BSP-000-000-001, Issue 21. It includes new subjects and provides a more detailed listing of subject matter. Arrows previously used to show changes are omitted.

1.03 Recommendations for changes to Bellcore practices should be submitted on form ASD 208 as described in Bellcore Practice BR-000-010-015, Issue 4.
